## Testimonials

*“I really enjoyed The Essentials of Sustainable Packaging course! The course was fascinating, educational, professional and energizing. The attendees were wonderful (great team work).”*

Cindy Graney, Director Global Package Development  
Clinique Laboratories LLC , New York, NY

*“The Essentials of Sustainable Packaging course was terrific. It provided me with a clear insight on where our greatest opportunities for continued improvement lie, and gave us the vital information on what to be cognizant of moving forward. Invaluable!”*

Jeffrey Fitzpatrick-Stilwell, Environmental Affairs & Government Relations Advisor  
McDonald’s Restaurants

Non-Member . . . . . \$1350

Requirement for Member rate is membership with the SPC or the PAC.

Register 3 or more participants from your company and receive a 10% discount on total.

## Provided by:

## Customized Sessions

If you'd like a private course tailored to your organization, then GreenBlue and the SPC can provide a session designed just for you. This half- or one-day session will provide a useful overview to include customized features of the essentials regarding packaging and sustainability for your organization, customers and other partners.

*Clients have included Utah Paperbox, the Food and Consumer Products of Canada (FCPC), and the Northwest Product Stewardship Council.*

### Cost

Costs begin at \$8,500 plus expenses for a ½ day session (SPC member rate). Please contact Anne Bedarf for additional information: 434-817-1424, ext. 314, [anne.bedarf@greenblue.org](mailto:anne.bedarf@greenblue.org)

### Focus on Retailers

Recognizing the retail sector's diverse needs for well-researched information on sustainability and packaging, the SPC developed special half-day and one-day sessions focusing on buyers. We have provided this session during events held by the Food Marketing Institute (FMI) and the Retail Packaging Association (RPA). Contact us if you are interested in a similar program. Costs are variable depending on sponsorship level of the organization.
