

PACsecure Webinar - Food Safety for Packaging - A Success Story

Please join Larry Shortt, from Jones Packaging, as he describes his experience implementing and registering his company as the first in North America to the PACsecure standard.

Login on-line for this informative Webinar!

Larry will discuss items such as:

- Implementation steps
- Registration process
- Challenges along the way
- Lessons learned

In addition to Larry, hear from Jim Downham, President, Packaging Association of Canada, about:

- What is the PACsecure program?
- New developments on the program
- Online training - Introduction to Food Safety for Plant Operators
- What auditors will be looking for when visiting your facility

Finally, a panel of experts from PAC, Jones Packaging and two Certification Bodies will be ready to answer, live, to your various questions.

Registration is FREE, join us on March 9, 2009!!!

Webinar - Monday 10:00 AM - 11:30 AM EDT
