The Second City performs sketch comedy satirizing aspects of everyday life. Enjoy the very best in sketch comedy and improv from the company that gave us SCTV and inspired *Saturday Night Live* and *Whose Line Is It Anyway!*

Toronto: World class city or whiney little baby?

With a year full of strike and strife, Toronto is in need of some serious fresh air. Our councillors, companies and unions have been flipping us the bird for months; it's time we tweeted back!

Through a series of riotously funny scenes and songs, *Shut Up and...Show Us Your Tweets!* takes aim at topics that are on everyone's minds: the economy, the battle of the sexes, our online world and more!
