

Ontario Ministry of the Environment to Double Industry's Blue Box Fees

What MOE told you in their “Report on Waste Diversion Act” is that Industry will now be responsible for 100%, up from 50%, of Blue Box operational costs.

Please ensure that your CEO and CFO read this EPR Questionnaire

Toronto, ON, Canada November 11, 2009

- 1. How will this affect your company regarding costs?**
- 2. What percentage of this additional tax can you pass off to the consumer?**
- 3. How will this impact your ability to be competitive against imports?**
- 4. If you are part of a multination firm, how will your head-office view your & their continual operation in Canada?**

Your Voice

PAC has been concerned for many years about the impact this will have on the Canadian manufacturing industry.

Please forward your concerns to Larry Dworkin, as PAC will be at the table on your behalf.
